<b>General Waste</b>	<b>40%</b>	<b>40%</b>
<b>Cardboard &amp; Paper Waste</b>	<b>35%</b>	<b>0%</b>
<b>Scrap Metal Waste</b>	<b>15%</b>	<b>0%</b>
<b>WEE / Electrical Waste</b>	<b>10%</b>	<b>0%</b>

### Waste Control Processes

Professional Safety Services (UK) Limited operates a responsible waste management policy. The business has allocated bins on site to ensure the correct waste materials are being disposed of in the proper and correct way to achieve our environmental objectives. Bin allocation consist of general waste = green bin, Paper and cardboard waste = Green with Blue labels and lid, Mixed scrap metal waste = Black bin, Electrical / Wee waste = Blue bin. General and cardboard waste is contracted to the local council and the scrap and wee waste is collected by a private company registered with the environment agency and carrier license. Waste transfer notes are digitally stored on our servers for reference when needed.

## Professional Safety Services (UK) Ltd Environmental Impact Assessments

The Carbon Footprint Calculator SMEs measurement of emission footprint by following GHG Protocol Guidance. This includes direct emissions from fuel and processes (Scope 1 emissions), indirect emissions from purchased electricity (Scope 2 emissions) for the assets we operate and indirect emissions from waste and fuel emissions out of our control (Scope 3 emissions).

### Results for 2022-2023

**Roeclyffe is performing within the industry standard**
